

## **JURY NOTICE #1**

### **COACH BOAT DRIVERS**

Despite the warning given at the coaches meeting on Monday, the technical committee have received reports, supported with photographic evidence, that some coaches are not using the kill cord of their rib.

Please be aware that if any further such reports are received, they will result in action by the jury that may result in penalties on the coaches concerned and, if repeated, on the competitors associated with those coaches.

If you have any questions on this matter, please contact the jury, who will be happy to answer them.

**Michael Short IJ**

Jury Chair
